

The New World Order is Back on the Radar And we have an old trick up our sleeve to raise awareness

Shortly after George Bush, Sr. made the first of his comments about the coming New World Order (NWO), a whole host of publications came off the presses around the world warning against the evils of this movement designed to govern the wallets and minds of the people. Our 80-page, booklet *What's Behind the New World Order?* was the tool we offered at the time. The booklet was designed to broaden the awareness of the religious aspects of the NWO.

After several printings, and many years, the worldwide interest in the NWO cooled down enough that the demand for the publication largely went away, and the book went out of print a few years ago.

For several months we've all been watching worldwide events unfold in the news, and we see this faceless entity called the NWO raising its hand again—in governments; banking systems; job markets. This time with more energy than previously. Calls for *What's Behind the NWO?* have

increased to such a level that we made a decision to bring the book out of mothballs, make a few timely updates, and put this publication back in your toolbox. As we write, the final touches are being put to the book; as soon as possible the book will be back on press. Any help you can give toward reprinting will be appreciated.

In the Wake of Katrina Comes a Perfect Storm Mardi Gras in New Orleans approacheth

February 16 culminates the festival of Mardi Gras (Fat Tuesday). Right now a handful of eager volunteers are making preparations for the distribution of thousands of publications throughout the duration of the event, which realistically begins on Saturday the 13th.

Would you like to spend a few days in New Orleans? We'll help you get some books into the hands of the people attending the festival. If you can work out your own transportation, accommodations and food, we'll provide some books and

put you in touch with people on the ground who will be conducting a distribution of *The Perfect Storm Is Coming* and other fine publications.

For the better part of 5 years, New Orleans has struggled to get back on its feet after one of the worst storms in US history hit the city full on. It would be a tremendous blessing to be on the streets with publications offering some real hope for these troubled times. Call or write—
