Hello Friends,

A quick look around our world assures us that the end of all things is at hand. So many people. So many needs. And yet so little time. Soon the faithful work of the foot soldiers of God will bear the long-awaited fruit. Just hold on a little longer. Things are about to get bad. But they're also about to get better than we could ever imagine. **Never give up!** Even so, come Lord Jesus.

An even quicker look around our warehouse reveals that stocks of some titles are lower than we care to allow. To be out of books is a good thing, since the books are going into the homes of people who need hope. At the same time, to be out of books means there is nothing more to give. **We desperately need to reprint "América en la Profecía"** (Spanish *Great Controversy*); our Spanish readers are a rapidly growing section of our world, and need to be reached. For years we have offered Spanish publications across the USA and beyond, and the Lord has continued to bless our efforts to reach our Latino friends. "The Great Controversy," in any language is a big book; our Spanish version has 688 pages. To print 25,000 copies of this book will cost 25,000.00—\$1 each. That might seem like a lot, but in the grand scheme of things, it's just a drop in the cosmos. If you'd like to help us with this reprint and several other titles that are getting low or are completely depleted (we're also out of "Hidden Treasures"—*Christ's Object Lessons*), we'd love to hear from you.

God has been good to us these many years. We have scattered our publications and Bibles across six continents from Greenland to Australia, and from Canada to Argentina. It's been a great ride—and not over yet. Just recently we completed and printed the Portuguese version of "The Perfect Storm Is Coming!" We printed an initial 32,000 which are bound for Brazil. You had a hand in this, and we want to thank you for that.

As a "Thank You" for your support, I want to offer you a free DVD of one of the following recent Sabbath Sermons (indicate your choice on the enclosed response sheet):

- "The Relative Interpretation of Truth"
- "The Sinner at the Time of the End"
- "It's Time for God to Work"

Spring is coming, the time for the sowing of seed. Soon the cold will be gone, and life will return to our tiny corner of the universe we call home. Visit the Bookstore at our website: [ThePerfectStormIsComing.org](http://ThePerfectStormIsComing.org). There you will find many tools to grease the wheels of your evangelism. You may purchase books to give away, or download free PDFs to share around the world. Stop by today.

Our prayers ascend for you during our morning worship as we join you in your petitions to our Heavenly Father. Thank you for including us in yours.
