January, 2023

## Hello, Dearest Friends ....

**What a year it's been.** As I write, the month of January is almost over; one more month closer to the blessed release. Not long now ... the Savior is at the door.

**I still keenly miss your faces at the Seminars.** The prophetic books of the Bible are as important as they ever were, and I miss our discussions during my Presentations. Parkinson's has been so unkind to me, and my life is nothing like it was. But you should know that my interest in and burden for the bookwork is as fresh as ever. So many tens of millions of publications have gone out of our doors. That said, IBE/Mission World has yet a greater work to do.

**Early on the Christian Movement was strengthened** by the short writings and letters from and to fellow believers. As the world lay in the darkness of Romanism, the People of The Reformation were encouraged by faithful workers who would endanger their lives as they carried from place to place the smallest handwritten portions of the Holy Scriptures. Adventism, in its infancy, was given the blessing of the printed page to carry the torch forward, not on handwritten scrolls, but on pages that could be printed first by a few, then by the millions. We are a blessed people, and we have been told that the work which was started on such a small scale by self-sacrificing children of God, will at the last be finished in the same fashion. Just before the close, faithful workers will once again hurry from place to place bearing the precious seed of the Gospel in printed form. "The world is to receive the light of the truth through an evangelizing ministry of the word in our books and periodicals." Colporteur Ministry, page 145.

**Shortly after the beginning of 2022** we embarked on a mission to print and mail 240,000 (almost a quarter million) copies of the **Perfect Storm** booklet to homes across 23 major cities in Texas. By God's grace we have, as of this writing, mailed 149,000. All it takes is just \$1 to supply and deliver 1 book to a home in Texas. Won't you help us finish this project—just 90,000 remains. Please make this a matter of prayer and consider a special offering in this New Year. "If there is one work more important than another, it is that of getting our publications before the public ...." Colporteur Ministry, page 7. After Texas we have more much-needed plans for Cuba, but we'll talk about that later; let's finish the task at hand.

**Our prayers go out to the Youth of our world** as we seek ways to reach them. A crisis is coming that our young people are ill-equipped to meet. Voices in the world are shouting about Climate Change, Social Inequalities and "Save the Planet." For sure, the world **IS** heating up, there are social disparities—but on levels way beyond the control of humanity. The seeds of truth we sow today will prayerfully prepare a young heart for service in the Lord's work in the last days.

Please take time to watch the enclosed DVDs: "**Who Sinned....?**" by Charles Wheeling, and "**The Silence of God**" by Tony Harriman. You *will* be blessed!

I want you to know that Judy and Tony have been faithfully leading out during my illness; with them and the rest of the staff, you may know that IBE and the book work are in safe hands.

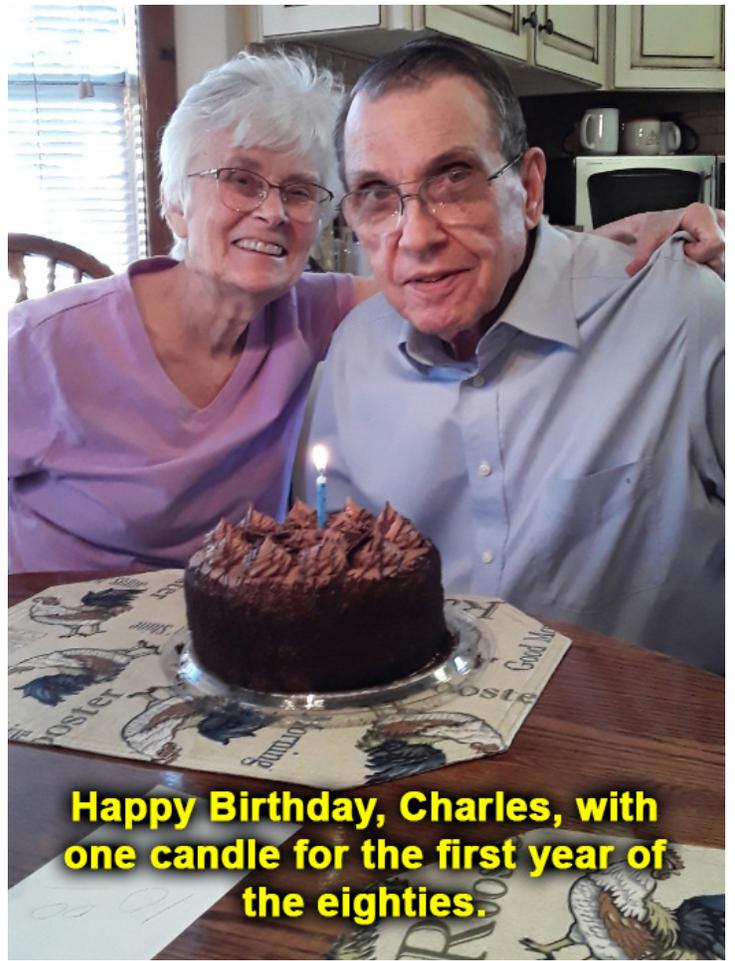

*"I solicit all who have an interest in the truths for these last days to do a good work in supporting our books and papers."*

God's richest blessings to You and Yours, and may you have a Happy and Blessed New Year!
