## **Ladies and Gentlemen, Brothers and Sisters,**

**A war is coming**, a war for the minds of men, women and children across the entire planet. Right now, preparation is being made in dark places to ensnare the attention and hearts of mankind.

**Many will lose their lives in this war.** But many will also save their lives. Humanity needs to be informed that there are choices to be made—*eternal choices*. But ignorance abounds. Many of us are unaware that a battle is being fought for the supremacy of Planet Earth, a battle which will result in the worship of God the Creator, or Satan the usurper.

**Forty plus years and sixty million publications later**, we feel we've made a significant dent in the Devil's armor. But there is much left to do before our feet leave the dust of our earthly home.

**With that in mind we have a new form of evangelism  
we'd like to bring to your attention.**

**By now you're familiar with the QR Business Cards and Postcards** we've introduced into our arsenal of evangelistic tools. Well, we're going a step further with the QR concept:

**Using the US Postal Service**, we're combining the QR Postcard and the nationwide Every Door Direct Mail service (EDDM).

**Take a look at the enclosed 6x9 Mailer for "Will America Survive,"** our full-text publication of *The Great Controversy*, **including the complete Scripture Index.** This is the book for the time, and this is how it will land in US mailboxes—**for just 35¢ apiece ... from press to address.**

**The main focus of the Mailer** is to encourage the **FREE** download of "*Will America Survive?*" and also two of our other powerful publications: "*The Perfect Storm Is Coming!*" and "*What's Behind the New World Order.*" In fact, once the code is scanned, **FREE** access is granted to all the publications we offer.

**Try it for yourself:** on the cover of each of the books on the Mailer there is a QR (Quick Response) code. Simply scan the code with the camera in your smartphone. When you scan it, a FreeBK weblink will appear; click the link and visit the page. From there anyone who scans the code can download "THIS" book, view other titles, and even request **FREE** paper copies of any of the books on the site.

**The codes offer unlimited downloads, so the Mailers can be passed around;  
this will especially appeal to our young people.**

**The reader of "Will America Survive?"** will be left in no doubt as to the issue at hand and the price at stake. The book clearly outlines the steps the Devil has taken in his war against the children of God in the past. And the reader will be left in no doubt regarding the theological and spiritual errors and heresies which pervade the modern churches that are leading human beings away from God the Father and the Salvation provided through His Son Jesus Christ.

P.T.O.

**We've done the math.** The best price breaks we can get are to print 10,000 at a time and mail them directly from the commercial presses we use to produce our materials.

**From press to 10,000 addresses, in any city across the United States,** costs just \$3,500.00. Perhaps you have that amount sitting waiting for a project to support; perhaps you have a church group with whom you would like to pool resources and engage in mailing this timely piece across the land. Maybe you'd like to mail, not 10,000, but 20,000 or even 30,000!

**All we need from you is your instructions regarding where you would like the Mailer sent:** San Diego, San Francisco, Chicago, New York, Miami, whatever—maybe even your own home city or county. Enclose a check or credit card details for multiples of 10,000 Mailers. We'll take care of the rest—door to door. It's as simple as that.

**This is a sacrificial work for most of us, but the reward and  
payback is *"Out of This World!"***

*"The end is near, and we must be prepared for what we will have to meet ... Prophecy points out the sure result of the conflict ... The restraining power of the Spirit of God is being withdrawn from the earth. **Our work must be done QUICKLY.** We must put forth every effort in our power to save souls from death. Soon the Lord God of Heaven will set up His Kingdom, which shall never be destroyed."*

*~This Day with God, 198.*

*~Letter 226, July 8, 1906.*

**Take a few moments to look through the enclosed information regarding the many aspects of Inspiration Books East (IBE),** why we exist and where we're going. Do us the honor and service of passing this information on to your friends and family. We here at IBE would love the involvement of all who are interested in our work. Knowing that you are praying for us is a comfort during the colder, darker times.

May God continue to bless you and yours until we meet at last. *Maranatha!*
