### Reach America's College Towns: All-Inclusive 6x9 QR Mailer Campaign

Supporters like yourself have already stepped forward to jumpstart our mission in several key college towns. We have received partial funding for the following cities:

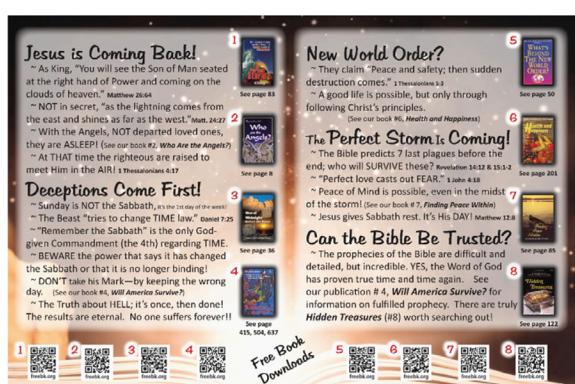

#### • Tacoma, Washington

#### • Gainesville, Florida

#### • Birmingham, Alabama (UAB)

These universities are global crossroads. Will you partner with us to share essential truths with the international students gathered here?

Each 6x9 mailer features QR codes linking to our complete library of books—including numerous foreign-language editions. These digital gateways allow for unlimited scans and seamless sharing among students.

**TACOMA, WA**

**GAINESVILLE, FL**

**BIRMINGHAM, AL**

**To maximize the impact of every donation, we utilize bulk mailing rates of 35¢ per card. A contribution of \$3,500 enables us to reach 10,000 addresses in a selected college town. We make every effort to focus on areas with a high concentration of students, such as dormitories and residence halls, to ensure broad distribution.**

***This plan is a bargain in the current economy.***

**QR codes are second nature to this generation.** This campaign meets them where they are, providing a direct path to the timeless truths so necessary for today's world.

Beyond the cities listed above, the campaign has identified the current **Top 50 College Towns** across the USA. Perhaps there is interest in sponsoring a full or partial mailing to one of these locations listed below?

**There's a world to save, and the window of opportunity is open to us—for now.**
